- **Honeytrap:** Can't stand any of them, tolerates Velour slightly more; gets along well with Bossy Boots (who listens well); only one who knows about Glitch
- **Velour:** Indifferent about everyone, pleasant but follows sister's lead, doesn't think for herself
- **Bossy Boots:** Doesn't like Velour (thinks she's lazy); good friends with Amp; has quiet crush on Amp; gets along with Honeytrap
- **Amp:** Tries to engage with everyone but they find him annoying; good friends with Bossy Boots; secretly dating Ledger (biggest secret)
- **Mirrorball:** Intentionally isolates in vain way but wants friendship; treats Glitch badly (feels bad but fears father more); lonely despite being center of attention
- **Glitch:** Watches from shadows; wants relationships but stays hidden; only Honeytrap knows he exists; sometimes engages with Honeytrap (finds her beautiful but knows he's out of her league); wants relationship with Mirrorball but is treated badly
